1. The draft notification under Sec.4 (1) of the Land Acquisition Act was published in the Fort St. George Gazette dated 15-8-1939 pages, 1038 to 1039 of Part I.

2. The general notification under Sec.5.A. of the Land Acquisition Act and individual notice on the owner was published and served on the dates noted below.

Collector's Office	..	19-8-1939.
Taluk Office.	..	22-8-1939.
Police Station.	..	20-8-1939.
In the village	..	22-8-1939.
On the owner	..	22-8-1939.
On the land	..	22-8-1939.

3. The date of enquiry was fixed to 23-9-1939 at Bylore, a village about 8 miles from Porsegoundanpalayam. Before the date of enquiry the owner of the land appeared before me on 21-9-1939 at Kollegal itself and filed the objection in writing. She stated orally before me that she had nothing to add beyond what was stated in her objection. She did not appear on the date of enquiry.

4/27-28 after

4/ Her main objection is that the proposed acquisition will prejudice her enjoyment of the other lands and that if this land is taken away she will have too little an extent for supporting her family. She also adds that the cart-track lying

east

east of the proposed land may be diverted towards the west and that the existing cart-track may be handed over to her in exchange. The reason is that as her lands lie on either side of the existing cart-track she is unable to enjoy the land without hindrance as she has to fence the cart-track on either side so as to prevent cattle from trespassing into her land.

Please see the combined sketch. The cart-track she refers to goes in S.Nos. 120 and 124. She wants it to be diverted along the western portion of S.No.119, marked blue in the sketch. She says that she is willing to give an equal extent in S.No.119. She wants that S.No.120 may be handed over to her in exchange. S.Nos. 121 and 122, on the east of the cart-track and S.No.119 ~~xxxx

fence their eastern boundary in order to prevent the cattle from trespassing into their lands.

As regards the second contention that the proposed acquisition will deprive her of the means of subsistence, I submit that that it is not a large deprivation. Her family consists of herself 2 children one aged 5 years and the other 6 months and a husband. Including the land proposed to be acquired she owns an extent of 8.26 acres as shown below.

Survey No.		extent.
117	...	1.46
118.	...	1.50
119.	...	2.41.
121	...	0.86.
122	...	2.03
		8.26

The extent to be acquired is 94 cents. She will thus be left with an extent of 7.32 after acquisition. I do not think this will be a great sacrifice.

She requests that she may be given an extent of 6 acres from S.No.52 of Arabikarai. The matter is under correspondence with the Tahsildar. This may not be made a condition precedent to acquisition. I inspected the place once again with reference to her objection and I consider her objections are not valid.

5. The ownership and value of the land remains the same as it was at the time of submitting draft notification under Sec.4(1). The land is grown with ragi. The land will be taken possession of after ragi is harvested which will be in the month of November or December. The value of crops was not taken into consideration when submitting draft notification.

6. The draft declaration under Sec.6 may be submitted to the Government for publication in the Fort St. George Gazette.
